

COMB SAGE TEA IN
LIFELESS, GRAY HAIR

If Mixed with Sulphur, It Darkens So
Naturally Nobody Can
Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of sage tea and sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Adv.

IF BACK HURTS USE
SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like
Lead or Bladder
Bothers

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally. Else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink, which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

There is a Real Risk in Waiting Too Long Before You Order Your Ford

Each year we have urged the public to guard against possible disappointments. Each year, in spite of this warning, many have had to pay more for another car because they could not get a Ford. In spite of double the production, we find ourselves thirty-six cars short of our allotment up to the present time. The present indications are that we will have hard work to fill orders after the first of May.

Year after year, there is a steadily growing demand for the Ford car; a very large number of owners automatically renew their orders for a Ford car. Year by year, the Ford becomes more of a business asset: the touring car for pleasure, the runabout for physicians and professional men, the delivery car for the merchant. There is more than double the production of Ford cars against that of any other car on the market to-day. The Ford owes this prestige not only to its economic production but to the completeness of the Ford Service all over the world.

There is no car produced that can be run so cheaply and there is no place so remote that you are not protected by the network of the splendid Ford Service which covers the entire country. Therefore, if you can place your order for a Ford now, we urge you to do so and guard against disappointment. We are doing our best to protect you but we will have to disappoint many before the season closes.

Prices f. o. b. Detroit: Touring car, \$440.00; Runabout, \$390.00; Delivery car, \$475.00 to \$525.00.
